

PCSing with Pets from Japan

- Rabies Vaccine:** Your pet requires an up-to-date rabies vaccination. This vaccine must be given no more than 1-year prior to your pet's departure and should not be given within 30 days of travel.
Date of last Rabies Vaccine: _____
- Microchip:** Your pet requires a microchip
Microchip # _____
- Veterinarian Issued Health Certificate:** The health certificate is to be issued and signed by a veterinarian. If the military veterinarian is not available, this can be done at an off base veterinary clinic. There is a Japanese health certificate form included in this packet.
**** Health certificates are only valid for 10 days after issue****
- Check out medical records** from Sasebo VTF
- Visit CFAS Personal Property:** visit the personal property office and ask for **USFJ FORM 380EJ**
- Visit Sasebo Customs Office:** after all of the above is complete. See attached map.
Forms needed at the customs office:
 1. Signed health certificate
 2. Rabies vaccination certificate
 3. USFJ FORM 380EJ
 4. Official PCS Orders
- Fill out Application of Export Inspection of Dog/Cat:** this form needs to be sent at least 10 days in advance, to the airport quarantine service where you'll be doing the export inspection. This form, including contact info for the Japanese AQS, is attached or can be found online at the following website: www.maff.go.jp/aqs/english/animal/dog/export.html.
- Pet export inspection:** done on the day of travel at the customs office at the Fukuoka Airport International Terminal or in the Narita Airport. If completing in Narita, please ensure that you have at least a 3 hour layover.

Other Important Steps:

- PCSing to countries other than the US: verify any additional requirements for importing your pet to that country.
- Please check with your airline directly for kennel specifications, heat embargos, breed restrictions and to make reservation for your pet to fly.
- Go to the FMAT counter at the FFSC to schedule transportation to the airport. Bring PCS orders to make a reservation.
- Contact Paws N Claws Boarding Facility, Navy Lodge, or Gateway Inn to make reservations for your pet's stay.

SATO/ NAVPTO

- Contact SAT/NAVPTO to let them know you are PCSing with a pet(s).
- United Airlines has a code share with ANA. ANA is unable to book flights to Tokyo for pet(s), if the flight is booked as a code share. Only SATO/NAVPTO can change the flight so that it has an ANA flight number instead of a United flight number.

Sasebo Customs Office

Address: Japan, 857-0852 Nagasaki Prefecture, Sasebo, Hizukushimachi, 4-1

Hours of Operation: Monday –Friday (0900-1700)

Directions:

Exit base main gate and turn **RIGHT** at the light onto the 11

Pass the Gobangai (new mall) and train station

At the next signal there will be an Eneos gas station on the left, make a **RIGHT** at that signal.

The customs office will be 1 block down the street in a 5 story building.

Free parking available to the right of the building.

The customs office is located on the 2nd floor.
