

LINCOLN MILITARY HOUSING

Every Mission Begins at Home™

August 22, 2011

Dear Resident:

This letter is being mailed to all Lincoln Military Housing Residents in Navy Region Southwest. If you live at a community that does not allow pets then you are receiving this letter for informational purposes only and your community's "No Pet" policy remains in full force and affect.

For those of you who reside in a community that allows dogs then please be advised that effective October 1, 2011 the following breed restrictions will be put in place:

Chows, Doberman Pinschers, Presa Canarios, Pit Bulls (American Pit Bull Terrier, American Staffordshire Terrier, Staffordshire Bull Terrier), Rottweiler's, any Wolf Hybrid, or any mix of the aforementioned breeds.

If you currently have one the above noted breeds, it is registered with the District Office and you have signed a Cat and Dog Addendum prior to October 1st 2011, then that dog will be grandfathered in. If there are any violations of the Cat and Dog Addendum which you signed then your dog will be asked to leave and/or your lease could be terminated. Any unregistered animals whose owners have not signed a Pet Addendum by October 1st 2011 will have to be removed. Any base policies which include micro chipping must also be adhered to by October 1st 2011.

Residents living aboard Miramar must abide by the Marine Corp breed restrictions and this policy in no way changes the current breed restrictions there.

Attached please find the notice of the change. If you should have any questions please contact your district office at _____.

Sincerely,

Lincoln Military Housing
